

BECKER ♦ MINTY

Thursday, June 14, 2007

To whom it may concern,

In April 2007, BECKER MINTY Pty Ltd engaged the services of Peter Buruma, Designer Project Group, to complete the interior of our Potts Point Flag Ship Store.

This project was carried out with the utmost professionalism and care.

Perhaps the most outstanding aspect of working with Designer Project Group, was the clear, transparent manner in which they operate. From the initial quote, and throughout the entire project, Peter's honesty and clarity was sincerely appreciated. This clarity gave us total confidence in his ability not only to understand, but also to bring to fruition what we required. Naturally, this allowed us to place a great deal of trust in Peter.

Dealing with many changes along the way, Peter always remained focused on getting the job right. Tackling every issue with confidence and care, Peter often looked outside the square to find the most appropriate and cost effective solution to each and every problem, big or small.

We are aware that Peter often worked behind the scenes, and went the extra mile to achieve the desired result. For this we are truly grateful. Similarly, his professional and organisational skills were exemplified by his diligence of on-site maintenance, OH&S Standards and general tidiness during the project.

We have absolutely no hesitation in recommending Designer Project Group for any future projects. He would be our first point of call should we require such services again.

We would also be happy to provide further verbal references should they be required.

Sincerely,

Christopher Becker

Jason Minty
